

THE CARBON-COMPOST ANSWER®

PRODUCT DESCRIPTION and PURPOSE: The **CARBON-COMPOST Answer®** is a liquid blend of organic electrolytes, micro-nutrients and polyglucosides that accelerate microbiological activity in manure and plant waste composting, waste site storage, and other composting applications.

INGREDIENTS: Water; homogenized polysaccharides as crystalline fructose and multiple glucose substances emulsified with multiple water-soluble trace minerals.

APPLICATION DIRECTIONS: The **CARBON-COMPOST Answer®** should be used in conjunction with **The BIO-COMPOST Answer®** to accelerate the composting process. Mix at a ratio of 100 to 300 units of water with up to 2 units of **The CARBON-COMPOST Answer®** and up to 1 unit of **The BIO-COMPOST Answer®** before application.

STORAGE: Store out of direct sunlight and in a cool place. Empty containers may be rinsed and discarded with non-hazardous waste or recycled.

CAUTION: The **CARBON-COMPOST Answer®** is not produced for human consumption. Keep out of reach of children. High caloric content may cause hyper-activity if ingested. Consult a medical doctor if ingested and uncomfortable symptoms occur.
